www.sheepnovascotia.ns.ca

June 14/11

Attention Consignors:

As you are aware our Postal Service is being interrupted with rotating strikes. Therefore, as Secretary of the sale I ask that after you mail your entries you **must** follow up with me to ensure I have received your entries .

If you fax your entries I also ask that you follow up with me to ensure I have received your entries and that you include with your entries a cover page that identifies

... how many pages you are faxing

... total number of entries

If you email your entries I again ask you to include in your email the number of attachments as well as number of entries and that you call to confirm I have received your entries.

If **you fail to confirm your entries have been received** and your consigned animals are not in our sale catalogue when it comes out you **will not be permitted entry into the sale to be held on Sept 3/11.**

Please take the time to read the cover letter and the rules included in the Entry Form package as there have been a number of changes.

I look forward to hearing from you.

Rosemary Wort,

Sale Secretary
